

INSTITUTIONAL SOCIAL RESPONSIBILITIES (ISR)

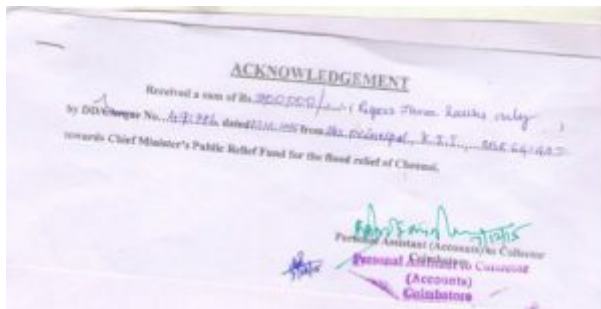

KIT-Kalaignarkarunanidhi Institute of technology is committed positively towards expanding and developing the standard of the schools as it considers an ethical responsibility to provide better Education for all students. Thiru Pongalur. N.Palanisamy, the founder chairman, KIT being socially responsible contributed generously to Government Higher Secondary Schools in order to pave the way for the betterment of the student community. To promote better education KIT is concerned about the social and economic welfare of Government School students.

CHENNAI FLOOD RELIEF

The recent misfortune that struck the coastal districts of Tamilnadu saw many houses, building and other areas submerged under water due to continuous downpour. The rains that lasted for several days brought normal life to a halt, with many educational institutions closed and businesses stopped for several days. Needless to say many people suffered setbacks and several small scale industries endured losses running to several crores. To restore normalcy in the flood affected areas the people need the help and support of the government and generous donations from various organizations and kind-hearted men and women.

To help in this cause, KIT-Kalaignarkarunanidhi Institute of Technology, Coimbatore, has donated,with generous contributions from the staff and students, a sum of Rs. 3 lakhs towards the flood victims in Chennai and other coastal districts such as Cuddalore, Kancheepuram and Tiruvallur. It is our hope that the contribution made by us will bring some relief to the victims who are suffering due to the flood.

BUILDING COMMUNITY THROUGH GIVING – CANAL DESILTING

KIT- has taken the efforts to desilt the canal stretching from Pallapalayam to Papampatti pirvu for the community in Pallapalayam to allow the rain water to flow smoothly during heavy rains. In an effort to rejuvenate the canal , at a cost of 75,000 rupees, litter picking, removal of hyacinth weed and debris was carried out on 12th December, 2015. Awareness was created among the local residents on the maintenance of the canal.
