**COIMBATORE-641402.**

An Autonomous Institution

The institution assesses the learning levels of the students in two ways at the time of the commencement of the programme. Students enrolled in various disciplines are identified as slow and advanced learners based on their CIA 1 marks. This helps to identify the slow learners and to design special coaching sessions or tutorial sessions to bridge the gap between the slow learners and the advanced learners. The tutors of the respective classes of UG and PG extend valid support in classifying the students with reports based on observation and class tests.

- The institution organizes Orientation programmes / Induction programmes for fresher both at the college level and at the department level. The facilities in the college and the scope of the subjects being learnt are introduced in these sessions. Apart from this, sessions are also included to inculcate positive attitude and competitive spirit. This process helps as a base for monitoring the future progress of the students.
- Bridge Courses are conducted at the departmental level to lift the students to the level of higher education. The Department of English organizes Orientation / Bridge Course in Basic English Grammar to enable Tamil medium students to cope with the course. The Department of Mathematics organizes Bridge Course to all the first level UG programmes and first year students are admitted to MBA to cope with the knowledge requirement of the course opted by the student
